

# **NEW** Regency® Bi-Metal Hole Saws

## **Easily Cut Through A Variety Of Materials**

Lawson's Regency® Bi-Metal Hole Saws will keep you on the *cutting* edge. Used by maintenance managers, plumbers, electricians, mechanics and contractors alike, these tools are versatile; cutting through metal, plastic, copper, fiberglass, aluminum and wood.

### **Choose From A Wide Range Of Diameters**

Knock-out slots provide for easy plug removal

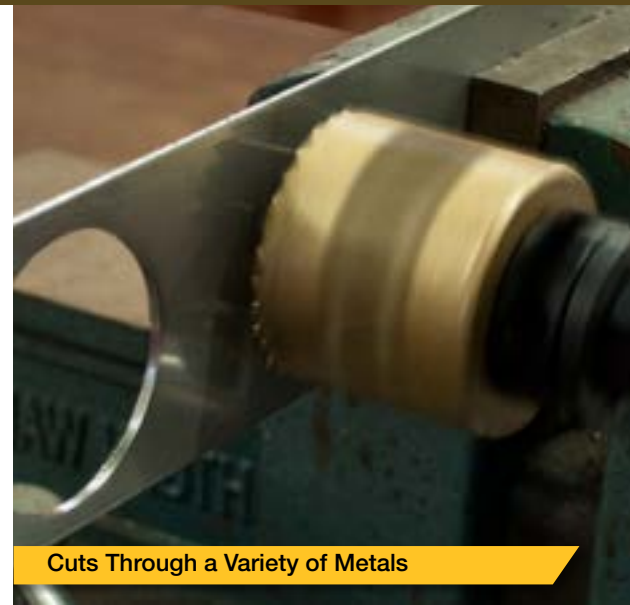

¾" variable tooth design reduces noise and vibration

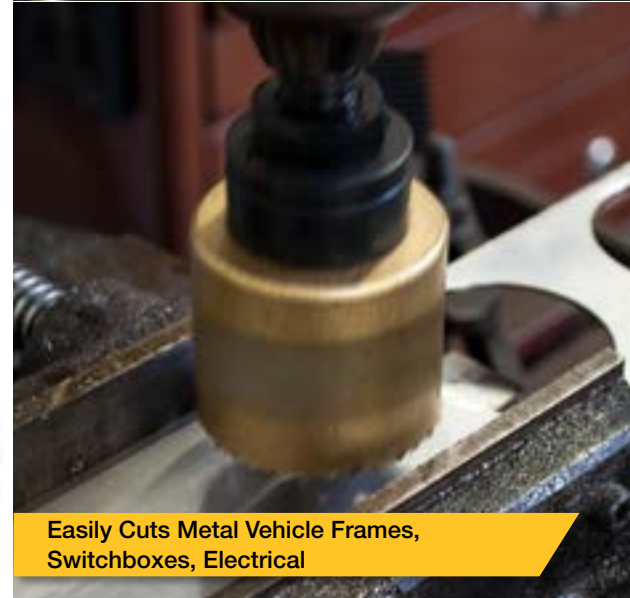

### **Stay On The Cutting Edge:**

- Joined metal construction enables cutting a variety of materials and extends the saw life
- Slots make plug removal easy
- Variable tooth design makes cutting faster, smoother and with less vibration
- Thick, heavy duty backplate construction offers durability when used on hard metals

**Regency® is a Lawson Brand - Quality Solutions for all your Maintenance, Repair and Operation Needs**

Cuts Through a Variety of Metals

Easily Cuts Metal Vehicle Frames, Switchboxes, Electrical

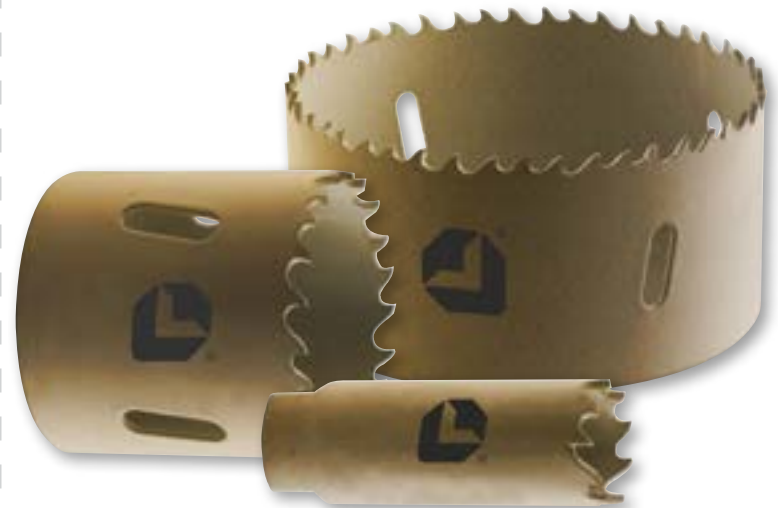

Perfect Cuts Through Plastic, PVC, Wood

# Cut The Perfect Hole Every Time
