

# Technical Data Sheet

## Flush Off Orange Solvent

### Overview

Clean with the friendly power of natural citrus. Flush Off is 97% d-Limonene and uses no chlorinated solvents, which makes it ideal for general motor cleaning and parts degreasing. Convenient spray allows application from an inverted or upright position for hard-to-get-at locations.

### Features/Benefits

- Contains d-limonene from citrus
- No petroleum distillates
- No chlorinated solvents
- Fast degreasing action
- Safe and effective cleaning and degreasing
- Safe on ferrous and non-ferrous metals
- Safe on many plastics and elastomers
- Cuts through grease and grime
- Easy water rinse off
- Non-acidic
- Non-corrosive
- Non-caustic
- USDA authorized
- CFIA authorized

### Applications

- Motors and parts, most plastic surfaces

### Method of Application

- Aerosol

### Identification

- Aerosol orange solvent

### Size

- 20 Oz. Can Size; 15 Oz. (425g) Net Wt.

### Directions for Use

- Simply spray, allow a few seconds to penetrate, then wipe. Repeat if necessary.

### Technical Specifications

- Form: Aerosol
- Color: Water white to light orange
- Odor: Citrus
- Water Solubility: Emulsifiable
- Specific Gravity (Concentrate): 0.850 at 70°F (21°C)
- Flash Point (Concentrate): 115°F (46°C)
- Evaporation Rate: 0.1 (ether = 1)
- Reportable VOC Content: 7.85 lbs./gal.; 845g/L
- Shelf Life: Minimum one year
- HMIS: H:2 F:4 R:0
